

A Pocket Guide to Choosing a College: NSSE 2017 Answers from Students Using the Report

To focus public awareness on what constitutes quality in the college experience, NSSE developed *A Pocket Guide to Choosing a College*. This helpful brochure gives prospective students and their families key questions to ask during their campus visits, allowing them to actively consider student engagement during the college choice process.

Student responses to selected questions from the NSSE pocket guide are presented in a new report entitled *A Pocket Guide to Choosing a College: NSSE 2017 Answers from Students*, part of your NSSE *Institutional Report 2017*.

Who can use this report?

A Pocket Guide to Choosing a College: NSSE 2017 Answers from Students is a summary of student engagement on your campus. It may be of special interest to admissions professionals, particularly those distributing the NSSE pocket guide to visiting students. The results can also be used as a resource for orientation staff, advisors, faculty, and others who work regularly with first-year students.

How can an institution customize and distribute results?

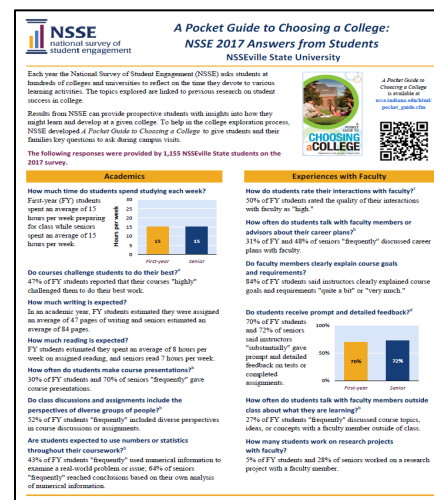

A Pocket Guide to Choosing a College: NSSE 2017 Answers from Students is designed for sharing NSSE results. The report is delivered in both PDF and Excel formats so that institutions can easily insert logos, campus photos, or additional information. Institutions are encouraged to post copies of the report and other results from their NSSE *Institutional Report 2017* on their websites.

How can I get a copy of this report for my institution?

Each participating institution designates a staff member to serve as the primary liaison for NSSE correspondence and reports. Known as the Campus Project Manager (CPM), the primary liaison may assist you in obtaining a copy. Contact NSSE for help identifying your CPM.

How can I get copies of the NSSE pocket guide?

College and university admissions officers may request up to 300 free NSSE pocket guides per year. Additional quantities are available for a small fee. A Spanish version of the NSSE pocket guide, *Una Guía de Bolsillo Para Escoger una Universidad: Preguntas a Hacer en Tus Visitas Universitarias*, is also available.

The QR code at left can be used to access a mobile version of the NSSE pocket guide. It is available on the NSSE website for institutions to include in their recruitment, college fair, and campus tour materials.

If you have questions about these resources, contact the NSSE Institute at nsse@indiana.edu or toll-free at 866-435-6773.

Each year the National Survey of Student Engagement (NSSE) asks students at hundreds of colleges and universities to reflect on the time they devote to various learning activities. The topics explored are linked to previous research on student success in college.

Results from NSSE can provide prospective students with insights into how they might learn and develop at a given college. To help in the college exploration process, NSSE developed *A Pocket Guide to Choosing a College* to give students and their families key questions to ask during campus visits.

The following responses were provided by 4,257 UBC Vancouver students on the 2017 survey.

A Pocket Guide to Choosing a College is available at nsse.indiana.edu/html/pocket_guide.cfm

Academics

How much time do students spend studying each week?

1st-year students spent an average of 17 hours per week preparing for class while 4th-year students spent an average of 17 hours per week.

By spring of their 4th year, 56% of students had participated in some form of internship, co-op, field experience, student teaching, or clinical placement.

How many courses include community-based service-learning projects?^e

46% of 1st-year and 46% of 4th-year students said "at least some" of their courses included a service-learning project.

Notes

- "Highly" is a 6 or 7 on a seven-point scale where 1 is "Not at all" and 7 is "Very much."
- "Frequently" is "Often" or "Very often."
- A "High" rating is a 6 or 7 on a seven-point scale where 1 is "Poor" and 7 is "Excellent."
- "Substantially" is "Quite a bit" or "Very much."
- "At least some" is defined by combining responses of "Some," "Most," and "All."
